Campus Emergency Notification

Timely Warnings

In the event of situations deemed by the campus administration as an ongoing or continuing threat or in the case of menacing crimes, a campus wide “timely warning” alert will be given. This alert will be issued through campus gatherings, through the college e-mail system to all students, staff & faculty, on our on-line Populi network (newhope.populiweb.com/index), and through TextMarks, our official text messaging alert system (please contact the NHCC Information Technology Department to be registered for this alert system). Non-emergency safety concerns will be posted on campus bulletin boards.

Policy for Reporting the Annual Disclosure of Crime Statistics

The Student Life Department compiles and prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Police and Crime Statistics Act. Campus crime, arrest and referral statistics include those reported to the Eugene Police, designated campus officials (including but not limited to the president, dean, directors, department heads, athletic coaches, faculty, advisors, campus monitors & Ignite leaders) and local enforcement agencies. A procedure is in place through NHCC campus security to anonymously gather crime statistics disclosed during confidential counseling sessions.

The statistical information regarding campus crime is made available to our college community through e-mail notifications. It is also posted on the Bryan Hall bulletin board. All prospective employees and/or students can request a copy of this information from our Student Life Office.

To Report A Crime:

Any on-campus criminal activity should be reported to the Student Life Office (541-485-1780 ext. 3207 or 3208). In the case of an emergency situation, call 911 and inform the Student Life Office. Incident Report forms are available at the Receptionist desk or at the Student Life Office. The form must be filled out and filed with the Student Life Office as soon as possible. NHCC encourages all college community members, students, faculty & staff to promptly report any criminal activity to both the proper local authorities as well as with the college in order to insure timely response and warning notices. Initial reports of any on-campus criminal activity should be made to the following individuals:

- Campus Safety 541-505-6456
- Student Life Director 541-485-1780 ext 3207
- Dean of Women 541-485-1780 ext 3119
Access & Campus Security Policy

The College Administration requests the cooperation of all members of the college community to assist in insuring safety on campus by adhering to campus visitation hours for all visitors. Regular monitoring checks will be conducted throughout the evening hours. No students should be in any building after curfew other than their dorms unless authorized by a member of the faculty. Passes may be obtained from any group advisor who furnishes sufficient reasons for after-hours use of the building. In general, all visitors not using campus housing must leave campus in accordance with dormitory security hours. All non-dorm residents are to be out of the building and dorm areas by curfew every night. Non-dorm residents attending late night functions must remain in the vicinity of the event being held.

Campus Law Enforcement

New Hope Christian College does not have campus law enforcement. NHCC does, however, employ night campus monitors who record incidents in a security log that is available in the general office. The campus monitor is not a sworn officer under ORS 133.005, is not armed, and does not possess the authority to make arrests. Monitors assist with providing a safe campus environment, detecting and reporting safety/fire hazards, enforcing traffic and parking regulations, campus curfew, visitation hours and promoting crime prevention. In the event of criminal activity, please immediately report all crimes to the Student Life Office and file a report in order to ensure campus safety, the prompt issuing of timely warning notices, and for NHCC to contact local authorities with whom the colleges has a working relationship if such action is required. Incident report forms can be obtained from the NHCC reception desk or the Student Life Office. NHCC does not recognize any off-campus student organizations. The college does not monitor or provide law enforcement for any such organizations.

Policy Regarding Counselors & Confidential Reporting

New Hope Christian College encourages students in need of support to speak with any faculty and staff on campus with whom they feel comfortable, understanding that faculty and staff are not exempt from disclosing information. For student’s seeking confidential and biblical counseling, NHCC does offer pastoral counseling on-campus and will refer students to off-campus professional, licensed counselors in the Eugene/Springfield area.

Security Awareness

General information regarding campus security can be read in the Student Handbook. In the event of a campus-wide safety alert or emergency, students will be notified through the college
e-mail system, through Chapel/Summons announcements, on the on-line college Populi network (https://newhope.populiweb.com/index.php), on campus bulletin boards, and through TextMarks, our official text messaging alert system (please contact the NHCC Information Technology Department to be registered for this alert system). NHCC does not have any formal crime prevention programs in place, but does expect all students to pursue godliness and abide by the principles given by our Lord as recorded in Scripture by living in love towards one another and respecting all other individuals.
